Apple Health Core Connections™

HERE ARE A FEW THINGS TO KNOW:

Below is an example of the Apple Health Core Connections member ID card.

When an ID card is received, check to make sure all information is correct.

Members should always carry their Coordinated Care member ID card.

Members need to show their ID card when getting health care services. Show it when visiting a Primary Care Provider (PCP) or other specialists. Members must also keep their state-issued ProviderOne ID card in order to receive benefits (dental) not covered by Coordinated Care.
