Success Story

Renewed Hope in the Midst of Tragedy

Cindy joined Coordinated Care under Medicaid expansion in January 2014. A few months earlier, Cindy lost her husband to ALS. This tragedy brought her into depression and added major stress to her life, which built up to Cindy having a heart attack.

She contacted the Coordinated Care team and was immediately referred to case management, Cenpatico and Nurtur. She was connected to a behavioral counselor who guided her through the depression and a health coach to create a realistic health plan to follow.

Cindy is grateful and thanks Coordinated Care for being so helpful during this rough time.

"I sincerely couldn’t be happier with a health insurance company. Thank you," Cindy said.

Coordinated Care recognized one physician as part of its annual Physician Summit Award program. The program acknowledges the extraordinary efforts these physicians make to provide quality care and clinical excellence to Coordinated Care members.

The Physician Summit Award honorees are Primary Care Physicians (PCP) who, compared to their peers, have demonstrated exemplary performance in the following areas: routine preventative and well-care services and establishing a medical home for new enrollees. They receive an engraved crystal award and a catered lunch for their office staff. In addition, they are recognized on Coordinated Care’s website, as well as in provider newsletter and other materials.
