This handbook does not create any legal rights or entitlements. You should not rely on this handbook as your only source of information about Apple Health (Medicaid). This handbook is intended to provide a summary of information about your health benefits. You can get detailed information about the Apple Health program by looking at the Health Care Authority laws and rules page on the Internet at: http://www.hca.wa.gov/about-hca/rulemaking.
Welcome to Coordinated Care and Washington Apple Health

We want you to get a good start as a new enrollee. We will get in touch with you in the next few weeks. You can ask us any questions you have, or get help making appointments. If you need to speak with us before we call you, our phone lines are open 8 a.m. to 5 p.m.

Coordinated Care, our providers, and you

When you join Coordinated Care, our providers will take care of you. Most of the time you will be seen by your primary care provider (PCP). Your PCP will arrange for you to see other providers if you need to:

- Have a test,
- See a specialist, or,
- Go into the hospital.

You can go to certain providers without your PCP arranging it first. This applies only to certain services. See page 12 for details.

If you do not speak English, we will help. We want you to know how to use your health benefits. If you need any information in another language, call us. We will provide language assistance at no cost to you. We will find a way to talk to you in your own language and help you find a provider who speaks your language. You are entitled to language access services when you attend a health care appointment covered by Apple Health (Medicaid). If we cannot find a provider who speaks your language, your provider will help arrange for an interpreter to be at your appointments. Just let your health care provider know you need an interpreter when you schedule your appointment.
Call us if you need information in other formats or help to understand. If you have a disability, are blind or have limited vision, are deaf or hard of hearing, or do not understand this book or other materials, call us. We can provide you materials in another format, like Braille. We can tell you if a provider’s office is wheelchair accessible or has special communication devices or other special equipment. We also offer:

- TTY line (Our TTY phone number is 1-866-862-9380).
- Information in large print.
- Help in making appointments or arranging transportation to appointments.
- Names and addresses of providers who specialize in specific care needs.

**Review of Technology**

Coordinated Care has a team that watches for the most up-to-date medical care. This may include new medicine, tests, surgeries or other treatment options. These are sometimes called experimental treatments. The team checks to make sure the new treatments are safe. We will tell you and your doctor about new services that may be covered under the Coordinated Care benefits.

Call us for more information.

**Our Quality Improvement Programs**

We want to improve the health of all our members. Our Quality Improvement (QI) Program helps us do this. This program reviews the quality and safety of our services. It also reviews the care we offer. We include doctors in our quality review and set goals for quality to track our progress.

Coordinated Care has earned national recognition through the National Committee for Quality Assurance (NCQA) for our quality programs. This organization guides the standard of care for health plans across the country. Call our health plan if you would like a copy of our quality improvement plan.

**How does Coordinated Care pay the doctors?**

Coordinated Care wants our members to get appropriate care. We review your care to make sure it is best for you. We do not reward providers or employees who do this review to decide a certain way. These decisions are based on guidelines called, “medical necessity.” These are reviewed regularly and updated. We use doctors to help us review these guidelines.

**You will need two cards to access services**

- Your Coordinated Care ID card
Your ID card should arrive within 30 days of your enrollment date. If anything is wrong with your ID card, call us right away. Your ID card will have your member ID number. Carry your ID card at all times and show it each time you go for care. If you are eligible and need care before the card comes, contact us at 1-877-644-4613 (TDD/TTY: 1-866-862-9380). Your provider can also contact us to verify eligibility if you have not yet received your ID card.
Your Services Card

You will also receive an Apple Health Services Card in the mail.

About seven to 10 days after you’re found eligible for Washington Apple Health through www.wahealthplanfinder.org, you will receive a blue Services Card (also called a ProviderOne card) like the one pictured here. Keep this card. Your Services Card is active and shows you are enrolled in Apple Health.

If you have received a ProviderOne Services Card in the past, HCA will not send you a new one. You can continue using your old one. Your old card and client number is still valid, even if there is a gap in coverage. If you no longer have your Services Card, please contact HCA for a new one.

ProviderOne

The number on the card is your ProviderOne client number. It will always be nine digits long and end in “WA”. You can look online to check that your enrollment has started or switch your health plan through the ProviderOne Client Portal at https://www.waproviderone.org/client. Health care providers can also use ProviderOne to see whether their patients are enrolled in Apple Health.

Each member of your household who is eligible for Apple Health will receive his or her own Services Card. Each person has a different ProviderOne client number that stays with him or her for life.

If you don’t receive your card, the information is incorrect, or you lose your card, there are several ways to request a replacement:

- Use the ProviderOne client portal at https://www.waproviderone.org/client
- Request a change online at https://fortress.wa.gov/hca/p1contactus/Client_WebForm
  - Select the topic “Services Card.”
- Call the HCA Customer Service Center at 1-800-562-3022.

There is no charge for a new card. It takes seven to 10 days to get the new card in the mail. Your old card will stop working when you ask for a new one.

Changing health plans

You have the right to request to change your health plan at any time. Your new plan may start as soon as the first of the next month. It’s important to make sure you are
enrolled in the newly requested plan prior to seeing providers in another plan’s network. There are several ways to switch your plan:

- Visit the Washington Healthplanfinder website. www.wahealthplanfinder.org
- Visit the ProviderOne Client Portal website https://www.waproviderone.org/client
- Request a change online at https://fortress.wa.gov/hca/p1contactus/Client_WebForm
  o Select the topic “Enroll/Change Health Plans”
- Call the HCA Customer Service Center at 1-800-562-3022.

**NOTE:** If you are enrolled in the Patient Review and Coordination program, you must stay with the same health plan for one year. If you move, please contact us.

**Using private health insurance and your Coordinated Care coverage**

We may pay co-pays, deductibles and services your private health insurance does not cover. You can avoid out-of-pocket costs if you make sure your health care providers are either a member of Coordinated Care’s provider network or willing to bill us for any co-pays, deductibles, or balances that remain after your primary coverage pays your health care bill.

When you go to your doctor or other medical provider(s), show all of your cards including your:

- Private health insurance card,
- Apple Health services card, and,
- Coordinated Care member ID card.

Contact Coordinated Care right away if:

- Your private health insurance coverage ends,
- Your private health insurance coverage changes, or,
- You have any questions about using Apple Health with your private health insurance.

**How to get health care**

Services you can get include regular check-ups, immunizations (shots), and other treatments.

Your Primary Care Provider (PCP) will take care of most of your health care needs. You must have an appointment to see your PCP.
As soon as you choose a PCP, make an appointment to establish yourself as a patient with your chosen PCP. Do this even if you do not need any medical treatment. Establishing yourself as a patient will help you get care more easily once you do need it.

It’s important to prepare for your first appointment. Your PCP will need to know as much about your physical and behavioral health history as you can tell him or her. Remember to bring your Apple Health, Coordinated Care, and any other insurance cards. Write down your health history. Make a list of any:

- Problems you have now,
- Medicines you take, and,
- Questions you want to ask your PCP.

If you cannot keep an appointment, call to let your PCP know as soon as possible.

**How to choose your primary care provider (PCP)**

You may already have a PCP, but if you don’t, you should pick one right away. If you do not choose a PCP, we will choose one for you. Each family member can have their own PCP, or you can choose one PCP to take care of all family members who have Apple Health Managed Care coverage. If you or your family want to change your PCP, we can help you choose a new one at any time.

In addition, one of our behavioral health providers will take care of your mental health and substance use disorder needs. If you need counseling, testing or need to see a behavioral health specialist, we will coordinate your behavioral health care needs.

**Telemedicine**

Telemedicine is when a provider uses interactive, real-time audio and video communications in place of a face-to-face appointment. Telemedicine services are covered for Coordinated Care members from any in-network providers. Talk with your provider to see if they offer these services and how you can access them. If you have questions about this service, call us at 1-877-644-4613.

**How to get specialty care and referrals**

If you need care that your PCP cannot give, he or she will refer you to a specialist. Talk with your PCP to learn how referrals work. If you think a specialist does not meet your needs, talk to your PCP. Your PCP can help if you need to see a different specialist.

There are some treatments and services that your PCP must ask us to approve before you can get them. This is called “pre-approval” or “prior authorization.” Your PCP can tell you what services require pre-approval, or you can call us to ask.
If we do not have a specialist in our network, we will get you the care you need from a specialist outside our network. We need to pre-approve any visits outside of our network. If you are seeing an out-of-network specialist, your PCP or specialist may need to submit a prior authorization request. Once submitted, Coordinated Care has five (5) days to approve or deny the request. The wait time is extended to fourteen (14) days if additional information is required.

If a request for Out Of Network specialist care is denied, you have the right to request an appeal to have the denial reconsidered. You have sixty (60) days from the date of the denial to request an appeal. If you request an appeal, we will acknowledge your appeal in writing. We will request additional information about why you and your doctor believe you need to see a specialist that is outside of the network. If you have this information, please send it at the time of your appeal request. We will review all the information provided to us and our Medical Director who is a doctor, will review your request and make a decision.

You and your doctor will be notified of the decision in writing. Please keep this letter for your records. If your request is approved, the services will be authorized right away. If the request is denied, you will receive information about appeal steps if you choose to pursue them. If your appeal is approved or denied, you should contact your doctor right away to make arrangements for your care.

To file an appeal in person, by phone, fax, or mail, please contact Coordinated Care:

Phone: 1-877-644-4613
Fax: 1-866-270-4489
Address: 1145 Broadway, Suite 300
Tacoma, WA 98402

If your PCP or Coordinated Care refers you to a specialist outside of our network, you are not responsible for any of the costs. We will pay for them.

**Apple Health services covered without a managed care plan**

The Apple Health services covered without a managed care plan (also referred to as fee-for-service) covers certain benefits and services directly even if you are enrolled in a health plan. These benefits include:

- Dental Services,
- Eye glasses and fitting for children (age twenty and younger)
- Long term care services and supports
- Maternity support services, prenatal genetic counseling, and pregnancy terminations,
- Services for people with developmental disabilities.

You will only need your ProviderOne Services Card to access these benefits. Your
PCP or Coordinated Care will help you access these services and coordinate your care. See page 19 for more details on covered benefits. If you have any questions about a benefit or service listed here, call us.

Services you can get WITHOUT a referral

You do not need a referral from your PCP to see a provider in our network if you need:

- Crisis Response Services including:
  - Crisis Intervention, and,
  - Evaluation and Treatment services
- Family planning services
- HIV or AIDS testing
- Immunizations
- Sexually transmitted disease treatment and follow-up care
- Tuberculosis screening and follow-up care
- Women’s health services including:
  - Maternity services including services from a midwife
  - Breast or pelvic exams

Payment for health care services

As an Apple Health client, you have no copays for any covered services. However, you might have to pay for your services if:

- You get a service that is not covered, such as chiropractic care or cosmetic surgery.
- You get a service that is not medically necessary.
- You don’t know the name of your health plan, and a service provider you see does not know who to bill. This is why you must take your Services Card and Coordinated Care member ID card with you every time you need services.
- You get care from a service provider who is not in our network, unless it’s an emergency or has been pre-approved by your health plan.
- You don’t follow our rules for getting care from a specialist.

If you get a bill, please call us at 1-877-644-4613 (TDD/TTY: 1-866-862-9380). We will work with your provider to make sure they are billing you appropriately.

Getting care in an emergency or when you are away from home

Medical Emergencies: You are always covered for emergency care anywhere in the
United States. Examples of an emergency are:

- A heart attack or severe chest pain.
- Bleeding that won't stop.
- Bad burns.
- Broken bones.
- Trouble breathing.
- Convulsions.
- Loss of consciousness.
- When you feel you might hurt yourself or others.
- If you are pregnant and have pain, bleeding, fever, or vomiting.

If you think you have an emergency, call 911 or go to the nearest hospital location where emergency providers can help you. Emergencies are covered anywhere in the United States.

After seeing an emergency provider, call your PCP, behavioral health provider, or Coordinated Care to arrange for follow-up care after the emergency is over.

**Urgent care:** Use urgent care when you have a health problem that needs care right away, but your life is not in danger. This could be:

- A child with an earache who wakes up in the middle of the night,
- A sprained ankle, or,
- A bad splinter you cannot remove.

Urgent care is covered anywhere in the United States. Call us at 1-877-644-4613 (TDD/TTY: 1-866-862-9380) and we can help you find an urgent care center that works with us.

You can call your PCP’s office or our 24-hour Nurse Advice Line at 1-877-644-4613 (TDD/TTY: 1-866-862-9380) or go to the urgent care center.

**Medical care away from home:** If you need medical care that is not an emergency or seems urgent, or you need to get prescriptions filled while you are away from home, call your PCP or call us for advice. We will help you get the care you need. Routine or preventive care, like a scheduled provider visit or well-exam, is not covered when you are outside of your service area.

**Getting care after hours:** The toll-free phone number to call for medical advice from a nurse 24 hours a day, seven days a week is 1-877-644-4613 (TDD/TTY: 1-866-862-9380). Call your PCP’s office or the Nurse Advice Line for advice on how to reach a provider after hours.

**Behavioral Health Crisis: Washington Recovery Help Line** is a 24-hour crisis
intervention and referral line for those struggling with issues related to mental health, substance abuse, and problem gambling. Call 1-866-789-1511 or 206.461.3219 (TTY), recovery@crisisclinic.org or go to https://www.warecoveryhelpline.org. Teens can connect with teens during specific hours: 866-833-6546, teenlink@crisisclinic.org, 866teenlink.org.

Integrated Managed Care

You have access to mental health and substance use disorder treatment services. Together these services are called behavioral health services As of January 1, 2019, the majority of the state will combine physical and behavioral health. With integrated managed care, we will coordinate your behavioral health services instead of a regional Behavioral Health Organization (BHO).

Behavioral health treatment in a clinic is available through us. To access these services, contact us directly.

Three regions will wait to combine physical and behavioral health in January 1, 2020. They are:

- Salish
- Great Rivers
- Thurston-Mason

North Sound will wait to combine physical and behavioral health in July 1, 2019.

If you live in one of these regions your behavioral health services will continue to be coordinated by a BHO.

If you need substance use disorder treatment or intensive mental health services, the BHO covers these services if you do not live in an integrated region.

For contact information for these organizations see Behavioral Health Organizations contacts below:

Expectations for when a health plan provider will see you

How soon you get in to see your provider depends on the care you need. You should expect to see one of our providers within the following timelines:

- **Emergency care**: Available 24 hours a day, seven days a week.
- **Urgent care**: Office visits with your PCP, Behavioral Health or other provider within 24 hours.
- **Routine care**: Office visits with your PCP or other provider within ten (10) days. Routine care is planned and includes regular provider visits for medical problems that are not urgent or emergencies.
- **Preventive care**: Office visits with your PCP or other provider within thirty (30) days. Examples of preventive care are annual physicals (also called checkups), well-child care visits, annual women’s health care, and immunizations (shots).

You must go to a Coordinated Care doctor, pharmacy, behavioral health provider or hospital

You must use doctors and other medical and behavioral health providers who work with Coordinated Care. We also have pharmacies you must use. Call our member service line at 1-877-644-4613 (TDD/TTY: 1-866-862-9380) or visit our website [www.CoordinatedCareHealth.com](http://www.CoordinatedCareHealth.com) to get a provider directory or get more information about our providers, hospitals, and pharmacies. The directory of providers, pharmacies, and hospitals includes:

- The service provider’s name, location, and phone number.
- The specialty and medical degree.
- The languages spoken by those providers.
- Any limits on the kind of patients (adults, children, etc.) the provider sees.
- Identifying which PCPs are accepting new patients.

**NOTE**: If you are enrolled in the Patient Review and Coordination program, you must stay with the same health plan for one year. Call us if you move.

Prescriptions
We use a list of approved drugs. This is called a “formulary” or a “preferred drug list.” Your prescribing provider should prescribe medications to you that are preferred on this list. You can call us and ask for:

- A copy of the formulary or preferred drug list.
- Information about the group of providers and pharmacists who created the formulary.
- A copy of the policy on how we decide what drugs are covered.
- How to ask for authorization of a drug that is not on the “formulary” or “preferred drug list.”

To make sure your prescriptions are covered, you must get your medications at a pharmacy in our provider network. Call us and we will help you find a pharmacy near you.

**Medical equipment and supplies**

We cover medical equipment or supplies when they are medically necessary and prescribed by your health care provider. We must pre-approve most equipment and supplies before we will pay for them. Call us for more information on covered medical equipment and supplies.

**Special health care needs or long-term illness**

If you have special health care needs or a long term illness, you may be eligible for additional benefits through our disease management program, Health Home program, or care coordination. You may also get direct access to specialists. In some cases, you may be able to use your specialist as your PCP. Call us for more information about care coordination and care management.

**Long-term services and supports**

Aging and Long-Term Support Administration (ALTSA) – Home and Community Services (HCS) provides long-term care services for people who are older and individuals with disabilities in their own homes, including an in-home caregiver, or in community residential settings. HCS also provides services to assist people in transitioning from nursing homes and assist family caregivers. These services are not provided by your health plan. To get more information about long-term care services, call your local HCS office.
Long-Term Care Services and Supports

ALTSA Home and Community Services must approve these services. Call your local HCS office for more information:

Early Learning Programs

Department of Children, Youth, and Families (DCYF) provides services and programs for children under the age of 5 including:

**ECEAP (Early Childhood Education and Assistance Program) and HeadStart** are Washington's pre-kindergarten programs that prepare 3- and 4-year-old children from low-income families for success in school and in life. ECEAP is open to any preschool aged child and family if they meet the income limits. For information on ECEAP and Head Start Preschools visit [http://www.dcyf.wa.gov/services/earlylearning-childcare/eceap-headstart](http://www.dcyf.wa.gov/services/earlylearning-childcare/eceap-headstart)

**Early Support for Infants and Toddlers (ESIT)** services are designed to enable children birth to 3 with developmental delays or disabilities to be active and successful during the early childhood years and in the future in a variety of settings—in their homes, in child care, in preschool or school programs, and in their communities. For more information [http://www.dcyf.wa.gov/services/child-development-supports/esit](http://www.dcyf.wa.gov/services/child-development-supports/esit).

**Home Visiting for Families** is voluntary, family-focused and offered to expectant parents and families with new babies and young children to support the physical, social, and emotional health of your child. For more information visit [http://www.dcyf.wa.gov/services/child-development-supports/home-visiting](http://www.dcyf.wa.gov/services/child-development-supports/home-visiting)

**Early Childhood Intervention and Prevention Services (ECLIPSE)** serves children birth to 5 years old who are at risk of child abuse and neglect and may be experiencing behavioral health issues due to exposure to complex trauma. Services are provided in King County and Yakima County. For more information visit [http://www.dcyf.wa.gov/services/child-dev-support-providers/eclipse](http://www.dcyf.wa.gov/services/child-dev-support-providers/eclipse)

Contact us and we can help connect you with these services.

Health care services for children

Children and youth age twenty (20) and younger have a health care benefit called Early and Periodic Screening, Diagnosis, and Treatment (EPSDT).

EPSDT includes a full range of screening, diagnostic, and treatment services. EPSDT includes any diagnostic testing and medically necessary treatment needed to correct or improve a physical or behavioral health condition, as well as additional services needed to support a child who has developmental delay.

Screenings can help identify potential physical, behavioral health or developmental health care needs which may require additional diagnostics and/or treatment.

EPSDT services can be aimed at keeping conditions from getting worse or slow the pace of the effects of a child’s health care problem. EPSDT encourages early and
continued access to health care for children and youth.

An EPSDT screening is sometimes referred to as a well-child or well-adolescent checkup. A well-child checkup or EPSDT screening should include all of the following:

- Complete health and developmental history.
- A full physical examination.
- Health education and counseling based on age and health history.
- Vision testing.
- Hearing testing.
- Laboratory tests.
- Blood lead screening.
- Talk about eating or sleeping problems.
- Oral health screening.
- Immunizations (shots).
- Mental health screening.
- Substance use disorder screening.

When a health care condition is diagnosed by a child’s medical provider, the child’s provider(s) will:

- Treat the child if it is within the provider’s scope of practice; or
- Refer the child to an appropriate provider for treatment, which may include additional testing or specialty evaluations, such as:
  - Developmental assessment,
  - Comprehensive mental health,
  - Substance use disorder evaluation, or,
  - Nutritional counseling.

Treating providers communicate the results of their services to the referring EPSDT screening provider(s).

Some covered health care services may require pre-approval. All non-covered services require pre-approval either from us or from the State, if the service is offered by the State as coverage without a managed care plan (also referred to as fee-for-service).

**Benefits covered by Coordinated Care**

Some of the benefits we cover are listed below. Check with your provider or contact us if a service you need is not listed.
For some services, you may need to get a referral from your PCP and/or pre-approval from us before you get them or we might not pay for them.

Some services are limited by number of visits or supply/equipment items. We have a process to review a request from you or your provider for extra visits or a “limitation extension (LE).” We also have a process to review requests for a medically necessary non-covered service as an “exception to rule (ETR)” request.

Remember to call us before you get medical services or ask your PCP to help you.

Women’s Health Care

Routine and preventive health care services, such as maternity care, mammograms, reproductive health, general examination, contraceptive services, testing and treatment for sexually transmitted diseases, and breast-feeding.

Additional services we offer

Rewards Program
Coordinated Care gives you rewards for taking care of your health. Through our CentAccount Rewards program, you can earn reward dollars on a pre-paid card. These dollars can be spent on hundreds of items at participating stores. There are no fees or cost to you. It’s our way of celebrating your choice for better health. You can find a list of participating stores and more information at www.CoordinatedCareHealth.com

You earn rewards by completing healthy activities like getting your annual wellness exam. After you complete one of the healthy activities, we automatically mail a CentAccount Rewards card to you.

Community Health Services
Receive personalized assistance getting social services and accessing your health plan benefits. Our team of Community Health Workers (CHWs), are part of the Care & Disease Management department. Our CHWs can meet with you and show you how to take control of your health and benefits.

Ask your PCP or your care manager if you feel you need a visit from a Community Health Worker.

Cell Phone Program
A cell phone is available to qualifying members at no cost through SafeLink®, a federally funded phone program. Coordinated Care members get a phone with 350 minutes per month and unlimited texting. In addition, calls to our Member Services line or our 24/7 Nurse Advice Line do not count towards your minutes.

Maternity Programs
Coordinated Care provides pregnant members and new moms amazing programs to support you and your baby’s health. You are automatically enrolled into Start Smart for Your Baby® when you complete the Notice of Pregnancy (NOP) form (this form must be completed at least 6 weeks before your due date to qualify for a car seat at no cost).

The program provides educational materials, a breast pump, support and case management as needed to guide your pregnancy and delivery. It also includes programs such as Puff Free Pregnancy, Text4Baby and others.

Tobacco Cessation Program
Our tobacco cessation program is designed to help members quit smoking and
other tobacco use, with expert coaching over the phone, a personalized plan to quit using tobacco and evidence-based guides and resources.

**Health Library**
Our website contains an award winning Health Library of books and materials for adults, teens and children. Visit us online and take advantage of this resource.

To learn more about Coordinated Care programs, call Member Services at 1-877-644-4613 or visit us online at [CoordinatedCareHealth.com](http://CoordinatedCareHealth.com).

**Apple Health services covered without a managed care plan**

Apple Health coverage without a managed care plan (fee-for-service) or other community based programs cover the following benefits and services even when you are enrolled with us. We and your PCP can help you access these services and coordinate your care. To access these services you need to use your ProviderOne card. If you have a question about a benefit or service not listed here, call us.

If you are unhappy with us

You or your authorized representative have the right to file a complaint. This is called a grievance. We will help you file a grievance.

**Grievances or complaints can be about:**

- A problem with your doctor’s office.
- Getting a bill from your doctor.
- Being sent to collections due to an unpaid medical bill.
- Any other problems you may have getting health care.
- The quality of your care or how you were treated.

We must let you know by phone or letter that we received your grievance or complaint within two working days. We must address your concerns as quickly as possible but cannot take more than 45 days. You can get a free copy of our grievance policy by calling us.

If we cannot resolve your grievance, you can also file a grievance directly with the Health Care Authority by calling 1-800-562-3022.

**Important information about denials, appeals, and administrative hearings**

You have the right to ask for a review of a decision if you think it was not correct, not all medical information was considered, or you think the decision should be reviewed by another person. This is called an appeal. We will help you file an appeal.

A **denial** is when your health plan does not approve or pay for a service that either you
or your doctor asked for. When we deny a service, we will send you a letter telling you why we denied the requested service. This letter is the official notice of our decision. It will let you know your rights and information about how to request an appeal.

An appeal is when you ask us to review your case again because you disagree with our decision. You may appeal a denied service. You may call to let us know, but you must send your appeal in writing with your signature. We can help you file an appeal. Your provider or someone else may appeal for you if you sign to say you agree to the appeal. You only have 10 days to appeal if you want to keep getting a service that you are receiving while we review our decision. We will reply in writing telling you we received your request for an appeal within 5 calendar days. In most cases we will review and decide your appeal within 14 days. We must tell you if we need more time to make a decision. An appeal decision must be made within 28 days.

An appeal may be filed verbally or in writing, and received by mail, telephone, fax, or in person.

Mail: Attn: Appeals
1145 Broadway, Suite 300
Tacoma, WA 98402
Fax: 1-866-270-4489
Phone: 1-877-644-4613 (TDD/TTY 1-866-862-9380)

NOTE: If you keep getting a service during the appeal process and you lose the appeal, you may have to pay for the services you received.

If it’s urgent. For urgent medical conditions, you or your doctor can ask for an expedited (quick) appeal by calling us. If your medical condition requires it, a decision will be made about your care within 3 calendar days. To ask for an expedited appeal, tell us why you need the faster decision. If we deny your request, your appeal will be reviewed in the same time frames outlined above. We must make reasonable efforts to give you a prompt verbal notice if we deny your request for an expedited appeal. You may file a grievance if you do not like our decision to change your request from an expedited appeal to a standard appeal. We must mail a written notice within two calendar days of a decision.

If you disagree with the appeal decision, you have the right to ask for an administrative hearing. In an administrative hearing, an administrative law judge who does not work for us or the Health Care Authority will review your case.

You have 120 calendar days from the date of our appeal decision to request an administrative hearing. You only have 10 calendar days to ask for an administrative hearing if you want to keep getting the service that you were receiving before our denial.
To ask for an administrative hearing:

1. Call the Office of Administrative Hearings (www.oah.wa.gov) at 1-800-583-8271,

OR

2. Write to:

   Office of Administrative Hearings
   P.O. Box 42489
   Olympia, WA 98504-2489

AND

3. Tell the Office of Administrative Hearings that Coordinated Care is involved; the reason for the hearing; what service was denied; the date it was denied; and the date that the appeal was denied. Also, be sure to give your name, address, and phone number.

You may talk with a lawyer or have another person represent you at the hearing. If you need help finding a lawyer, visit http://www.nwjustice.org or call the NW Justice CLEAR line at:

   1-888-201-1014.

The administrative hearing judge will send you a notice explaining their decision. If you disagree with the hearing decision, you have the right to appeal the decision directly to the Health Care Authority’s Board of Appeals or by asking for a review of your case by an Independent Review Organization (IRO).

**Important Time Limit:** The decision from the hearing becomes a final order within 21 calendar days of the date of mailing if you take no action to appeal the hearing decision.

If you disagree with the hearing decision, you may request an Independent Review. You do not need to have an independent review and may skip this step and ask for a review from Health Care Authority’s Board of Appeals.

**An IRO** is an independent review by a doctor who does not work for us. To request an IRO, you must call us and ask for a review by an IRO within twenty-one (21) days after you get the hearing decision letter. You must provide us any extra information within 5 days of asking for the IRO. We will let you know the IRO’s decision.

For help filing an IRO, please call our Member Services team at 1-877-644-4613 (TDD/TTY: 1-866-862-9380).

If you do not agree with the decision of the IRO, you can ask to have a review judge from the Health Care Authority’s Board of Appeals to review your case. You only have
21 days to ask for the review after getting your IRO decision letter. The decision of the review judge is final. To ask a review judge to review your case:

- Call 1-844-728-5212,

OR

- Write to:

  HCA Board of Appeals
  P.O. Box 42700
  Olympia, WA 98504-2700

Your responsibilities

As an enrollee, you agree to:

• Help make decisions about your health care, including refusing treatment.
• Keep appointments and be on time. Call your provider’s office if you are going to be late or if you have to cancel the appointment.
• Give your providers information they need to be paid for providing services to you.
• Bring your Services Card and health plan ID card to all of your appointments.
• Learn about your health plan and what services are covered.
• Use health care services when you need them.
• Know your health problems and take part in agreed-upon treatment goals as much as possible.
• Give your providers and Coordinated Care complete information about your health.
• Follow your provider’s instructions for care that you have agreed to.
• Use health care services appropriately. If you do not, you may be enrolled in the Patient Review and Coordination Program. In this program, you are assigned to one primary care provider, one pharmacy, one prescriber for controlled substances, and one hospital for non-emergency care. You must stay in the same plan for at least 12 months.
• Inform the Health Care Authority if your family size or situation changes, such as pregnancy, births, adoptions, address changes, or you become eligible for Medicare or other insurance.
• Renew your coverage annually using the Washington Health Benefit Exchange at https://www.wahealthplanfinder.org, and report changes to your account such as income, marital status, births, adoptions, address changes, become eligible for Medicare or other insurance.

Advance directives

An advance directive puts your choices for health care into writing. The advance directive tells your doctor and family:

• What kind of health care you do or do not want if:
You lose consciousness.
You can no longer make health care decisions.
You cannot tell your doctor or family what kind of care you want.
You want to donate your organ(s) after your death.
You want someone else to decide about your health care if you can’t.

Having an advance directive means your loved ones or your doctor can make medical choices for you based on your wishes. There are three types of advance directives in Washington State.

1. Durable power of attorney for health care. This names another person to make medical decisions for you if you are not able to make them for yourself.
2. Healthcare directive (living will). This written statement tells people whether you want treatments to prolong your life.
3. Organ donation request.

Talk to your doctor and those close to you. You can cancel an advance directive at any time. You can get more information from us, your doctor, or a hospital about advance directives. You can also:

- Ask to see your health plan’s policies on advance directives.
- File a grievance with your plan or the Health Care Authority if your directive is not followed.

The Physician Orders for Life Sustaining Treatment (POLST) form is for anybody who has a serious health condition, and needs to make decisions about life-sustaining treatment. Your provider can use the POLST form to represent your wishes as clear and specific medical orders. To learn more about Advance Directives contact us.

What is a mental health advance directive?

A mental health advance directive is a written document that describes what you want to happen in times of crisis or great difficulty, such as hospitalizations. It tells others about what treatment you want or don’t want. It can identify a person you have chosen to make decisions for you.

If you have a physical health care advance directive you should share that with your mental health care provider so they know your wishes.

How do I complete a mental health advance directive?

You can get a copy of the advance directive form and more information on how to

[Enter Plan Name], behavioral health care provider, or your Ombuds can also help you complete the form. Contact us for more information.

We protect your privacy

We are required by law to protect your health information and keep it private. We use and share your information to provide benefits, carry out treatment, payment, and health care operations. We also use and share your information for other reasons as allowed and required by law.

Protected health information (PHI) refers to health information such as medical records that include your name, member number, or other identifiers used or shared by health plans. Health plans and the Health Care Authority share PHI for the following reasons:

- Treatment — Includes referrals between your PCP and other health care providers.
- Payment – We may use or share PHI to make decisions on payment. This may include claims, approvals for treatment, and decisions about medical needs.
- Health care operations — We may use information from your claim to let you know about a health program that could help you.

We may use or share your PHI without getting written approval from you under certain circumstances.

- Disclosure of your PHI to family members, other relatives and your close personal friends is allowed if:
  - The information is directly related to the family or friend’s involvement with your care or payment for that care; and you have either orally agreed to the disclosure or have been given an opportunity to object and have not objected.
- The law allows HCA or Coordinated Care to use and share your PHI for the following:
  - When the U. S. Secretary of the Department of Health and Human Services requires us to share your PHI.
  - Public Health and Safety which may include helping public health agencies to prevent or control disease.
  - Government agencies may need your PHI for audits or special functions, such as national security activities.
For research in certain cases, when approved by a privacy or institutional review board.

For legal proceedings, such as in response to a court order. Your PHI may also be shared with funeral directors or coroners to help them do their jobs.

With law enforcement to help find a suspect, witness, or missing person. Your PHI may also be shared with other legal authorities if we believe that you may be a victim of abuse, neglect, or domestic violence.

To obey Workers’ Compensation laws.

Your written approval is required for all other reasons not listed above. You may cancel a written approval that you have given to us. However, your cancellation will not apply to actions taken before the cancellation.

You have the right, with limited exceptions, to look at or get copies of your PHI contained in a designated record set. You may request that we provide copies in a format other than photocopies. We will use the format you request unless we cannot practically do so. You must make a request in writing to obtain access to your PHI. If we deny your request, we will provide you a written explanation and will tell you if the reasons for the denial can be reviewed and how to ask for such a review or if the denial cannot be reviewed.

If you believe we violated your rights to privacy of your PHI, you can:

- Call us and file a complaint. We will not take any action against you for filing a complaint. The care you get will not change in any way.
- File a complaint with the U.S. Department of Health and Human Services, Office for Civil Rights at: https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or write to:

  U.S. Department of Health and Human Services
  200 Independence Ave SW, Room 509F, HHH Building
