Non-Contracted Drugs

WA.PHAR.126 Non-Contracted Drugs

Effective Date: January 1, 2014

Background:

Per the Apple Health Integrated Managed Care (IMC), Integrated Foster Care (IFC), and Apple Health Expansion (AHE) Contracts, “Non-contracted Drugs” are drugs that the Washington State Health Care Authority (HCA) excludes from premium payments described in the Apple Health Family Adult, Apple Health Family Child, Apple Health State Children’s Health Insurance Program (SCHIP), Apple Health Blind Disabled (AHBD), Apple Health Community Options Program Entry System (COPEs), Developmental Disability Administration (DDA) and Apple Health Adult Coverage (AHAC), and Apple Health Expansion (AHE) populations when not administered in an inpatient setting.

All requests for authorization or payment for a non-contracted drug must be referred to the Health Care Authority.

Medicaid Non-Contracted Drugs Drug List

For a list of HCPCS codes and NDCs, please refer to the Medicaid Non-contracted Drugs List attachment. HCPCS and NDC Codes referenced in this policy are for informational purposes only. Inclusion or exclusion of any HCPCS code or NDC does not guarantee coverage. Providers should reference the most up-to-date sources of professional coding guidance prior to the submission of claims for reimbursement of covered services.
