

Coordinated Care

Maintenance Drug Program

Coordinated Care offers a 90 day supply (3 month supply) whichever is greater, of maintenance medications to members. The products listed below are considered maintenance medications as they are used to treat long-term conditions or illnesses. Contact a Coordinated Care if you have any questions regarding this program.

The maintenance drug list is subject to change, may not be comprehensive, and some of the medications on the list may also be subject to additional plan coverage rules. Once a brand name medication covered on the Maintenance Drug List becomes generically available, only the generic drug will be covered as a maintenance medication.
